

2020 CFC Honorary Chair Letter – CFCNCA Charity Listing

Colleagues,

I am thrilled once again to serve as the Honorary Chairperson for the Combined Federal Campaign (CFC). Being part of the CFC takes my service as Director of the Peace Corps to even greater heights, and provides me the opportunity to help those in need by joining forces and combining efforts and generosity with all.

This year, I invite all members of the federal community – wherever you are, if you are working from home or back in your office – to join the CFC community and *Be the Face of Change*.

This year has challenged us all in unexpected ways, but the season of giving is a time to reflect and remember our blessings too. Consider opening your heart and making a pledge to help those less fortunate through the CFC. Federal employees, you're also invited to donate your time with a pledge of volunteer hours. You can browse this catalogue for numerous opportunities to engage and give back to our local, national, and global communities.

People in need around the world are relying on our help now more than ever. Together, we can make a difference. Give to a charitable cause *you* care about through the CFC now!

Thank you for your generosity and choosing to *Show Some Love*.

Sincerely,

Dr. Jody K. Olsen
Director, Peace Corps
2020 CFC Honorary Chairperson
